SAMPLE FORMAT
UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Certification of Financial Guarantee
43 CFR 3809

I, John Holfert, residing at,

997 North chapel Dr. # 4
(Street)

Bountiful, Utah, 84010
(City) (State) (Zip Code)

(801) 296 - 2516 (home telephone number)

() - (office telephone number)

- (social security number or employer identification number)

and being the operator, the mining claimant, or the duly authorized agent of either the operator or the mining claimant responsible for the activities described in the attached notice dated, 7/30/98, and filed pursuant to 43 CFR 3809.1-3, do hereby certify pursuant to 43 CFR 3809.1-9(c), (d) and (e):

(1) I shall undertake or shall cause the undertaking of all reclamation measures described in 43 CFR 3809.1-3 and any other measures set forth in written correspondence between myself and BLM.

J.H.
(Initials)

7/30/98
(Date)

(2) I shall notify the authorized officer in writing upon completion of the measures to arrange for a final inspection.

J.H.
(Initials)

7/30/98
(Date)

(3) A financial guarantee in the amount of \$ TBD /acre or \$ TBD has been executed and will be available to the Bureau of Land Management until released under the provisions of 43 C.F.R. 3809.1-9(m).

That financial guarantee consists of:

Will consist of a cash bond

When the amount has been officially set by BLM

I am proposing \$1000 as being more than adequate

(Describe the financial guarantee).

The said financial guarantee is located or held by:

BLM

(list state agency bond, or third party surety bond, or cash deposit and bank, or attach letter of credit).

J.H.
(Initials)

7/30/98
(Date)

(4) I will surrender the financial guarantee described in paragraph 3 above

upon receipt of a written demand by the BLM. I will deliver or cause to be delivered, the financial guarantees described in paragraph 3 above within 45 days of the demand by the BLM, unless authorized, in writing, an additional time not to exceed 45 days.

J.H.
(Initials)

7/30/98
(Date)

(5) In the event that the costs of reclamation carried out by the BLM exceed the amount of the financial guarantee, I acknowledge that I shall remain liable for the required reclamation.

J.H.
(Initials)

7/30/98
(Date)

(6) I acknowledge that release of the requirement to maintain the financial guarantee does not release or waive any claim the BLM may have under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. § 9601 et seq., or any other applicable statutes or regulations.

J.H.
(Initials)

7/30/98
(Date)

(7) I acknowledge that non-existence of the financial guarantee described in paragraph 3 above, or my failure to deliver or cause to be delivered the financial guarantee, within the specified timeframes may lead to criminal prosecution under 18 U.S.C. § 1001 or 43 U.S.C. § 1733 and any other applicable authorities.

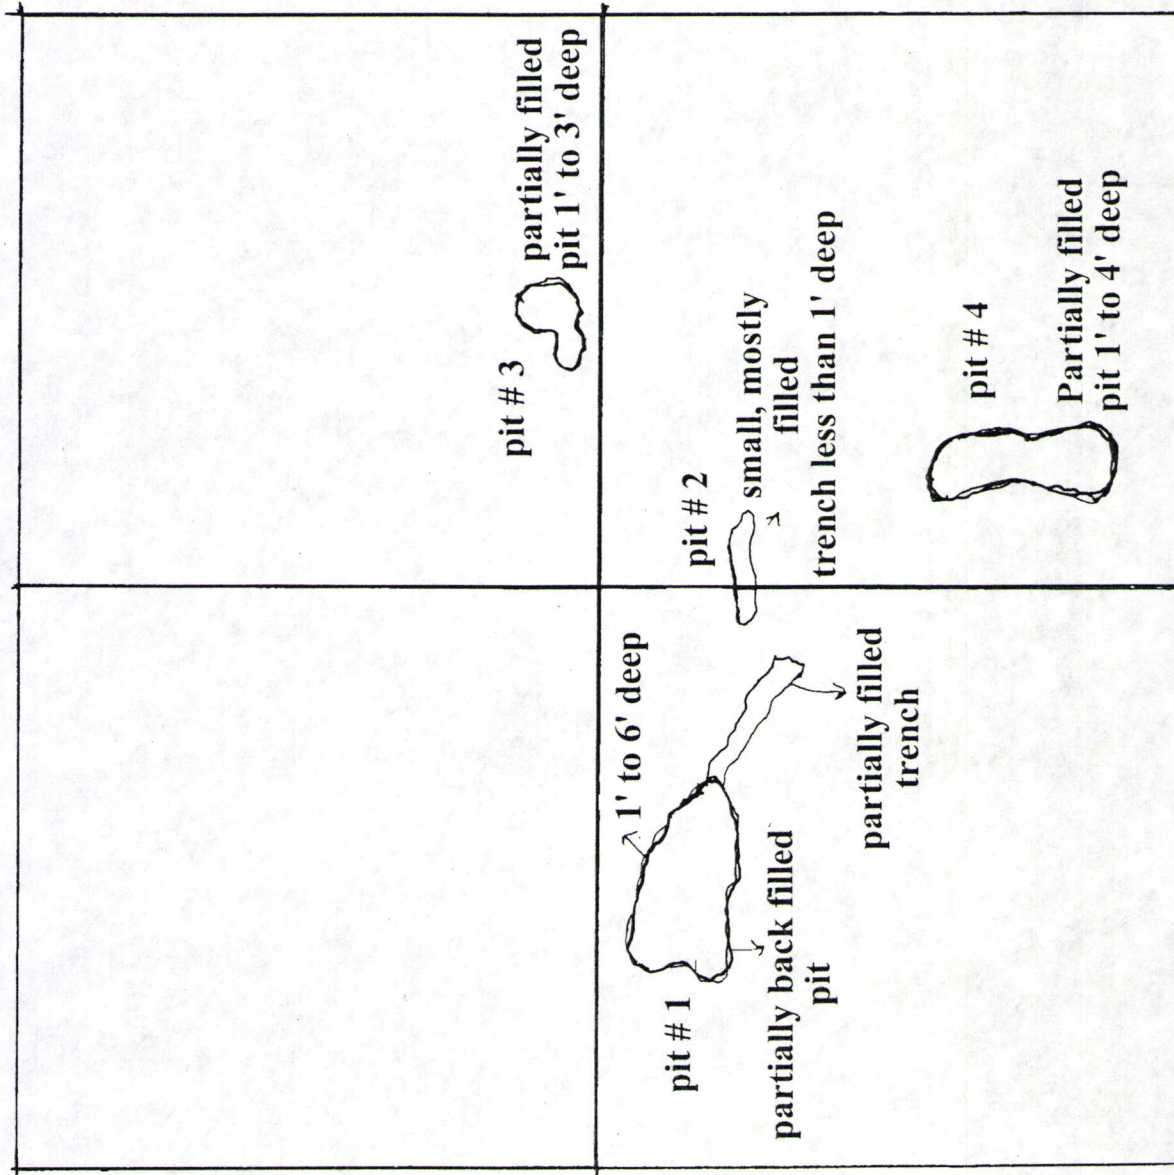

J.H.
(Initials)

7/30/98

Agency Use Only
Notice Case File Number _____

Scale: 1" = 67'

There is no road access
to this area; it is all by foot

NW corner is 239 outh &
3020' west of the NE corner of sec. 12

ip # 1 T13S, R12W
NW1/4, SE1/4 sec. 12
Salt Lake Meridian

Scale: 1' = 200'

SUGGESTED FORMAT FOR A NOTICE

1) Mining Claim Numbers: UMC ~~000000000~~ 363 796 + 363 797

2) Mining Claim Name(s): RB #1 + RB #2

3) Claimant, Operator, Agent:

A. Claimant(s):

Name

Utah Mineral Fossil Inc

Address

977 N. Chapel Dr. #4

Phone #

801-296-2516

B. Claimant(s):

Name

Address

Phone #

4) Location and Access:

Brief description (including legal) of the location and existing or proposed access to the area of operation.

A. General Description of Location: 1 Mile East of paved Rd North of Topez Mnt. Then 1/4 mile North

B. Legal Description: Section 1/4 NW 1/4, SE 1/4
Township: 13S Range: 12W Section(s): 12
Township: Range: Section(s):

C. Estimated total acreage of the area proposed for exploration or mining under this Notice: Less than 1 acre

D. Estimated acreage per year to be disturbed by mining operation under this Notice: Less than 1 acre

E. Access: Describe the existing or proposed access to the operation site: access is by foot from end of old mining and/or sheep Road

Proposed Grade: Length (ft) Width (ft)
New Road(s): Length (ft) Width (ft)

- F. What type of stakes/flagging (color?) did you use so that our Specialists can find the site(s) proposed for surface disturbance (not the claim corners) in the field?
There are 3 small pits - They have already been visited by BIM

- G. Location Map: Attach a general location and vicinity map showing claim boundaries, UMC numbers in the correct areas, and existing and/or proposed access routes, holes, trenches, excavations, structures, wells, waste dumps, tailings disposal, and disturbed areas. A USGS 7.5 minute topographic map is preferred, but an accurate sketch map will do.

5) General Information

- A. Proposed starting date of operation: October 1998
Estimated completion date of operation (unknown or lifetime do not provide a definable term of use: _____)
- B. Operation will be (is): Continuous _____ Seasonal X
Intermittent _____
Will you operate on weekends? X Weekdays? X
During what months will you be operating? Rainy Oct, Nov, Dec.

PUBLIC SAFETY

- C. What provisions will you make for Public Safety regarding open pits and trenches?
Will you be using flagging? _____ Barricades? X
How long will the pits/trenches remain open? _____
Will you be backfilling as you go? Yes

D. Equipment, Personnel, and Supporting Facilities.

Equipment: List all equipment to be utilized in connection with the proposed activity, e.g.: mining, road maintenance, hauling, etc.

Colby gas drill + Dynamite + Hand Tools only

Will explosives be used? YES Will explosives be stored on site? NO

Personnel: How many people will be working at the site?
2 to 3

How many caretakers, or people will be living at the site? None

Supporting Facilities: Describe any proposed or existing structures, sanitary facilities or secured areas, and justify the reasons for continued maintenance and/or construction of these facilities: None

6) Proposed Exploration (if applicable):

Dimensions of proposed holes, trenches, or excavations (Specify type): only SURFACE SCANNING
(Picking up Topaz)

7) Proposed Production (if applicable):

A. Estimated size of operation:

Under 500 tons/cu yds per year X
500- 5,000 tons/cu yds per year _____
5,000-50,000 tons/cu yds per year _____
50,000-100,000 tons/cu yds per year _____
100,000-250,000 tons/cu yds per year _____
250,000-1,000,000 tons/cu yds per year _____
Over 1,000,000 tons/cu yds per year _____

- F. What type of stakes/flagging (color?) did you use so that our Specialists can find the site(s) proposed for surface disturbance (not the claim corners) in the field? open pits Dump define areas

- G. Location Map: Attach a general location and vicinity map showing claim boundaries, UMC numbers in the correct areas, and existing and/or proposed access routes, holes, trenches, excavations, structures, wells, waste dumps, tailings disposal, and disturbed areas. A USGS 7.5 minute topographic map is preferred, but an accurate sketch map will do.

5) General Information

- A. Proposed starting date of operation: ASAP
Estimated completion date of operation (unknown or lifetime do not provide a definable term of use: _____)
- B. Operation will be (is): Continuous _____ Seasonal X
Intermittent _____
- Will you operate on weekends? Yes Weekdays? Yes
- During what months will you be operating? _____
Sept - Dec. March - May

PUBLIC SAFETY

- C. What provisions will you make for Public Safety regarding open pits and trenches?
- Will you be using flagging? _____ Barricades? X
- How long will the pits/trenches remain open? _____
- Will you be backfilling as you go? Yes

B. Total Anticipated Production (for life of operation):

Quantity of ore to be removed (tons/cu yds) Small - less than 1 Ton
Waste Retained on Site (tons/cu yds) _____
Waste Disposed of, off site (tons/cu yds) _____
Maximum anticipated dimensions of pit area less than 15' x 15' x 5'
Number of linear feet of underground workings None

C. Mining Method: (Check all that apply)

Underground	Gravel/Sand Pit	Truck to Plant
Openpit <input checked="" type="checkbox"/>	Clay Pit	Borrow Pit
Single Bench	Drill & Blast	Tailing Pond
Slurry Pump	Waste Dump	Railline
Other <u>Minor small trenches to be back filled</u>		

Quarry:

Hilltop	Shovel
Multibench	Gravel Bar Skimming
Sidehill	Dragline
Low level	Other

D. Processing:

If processing of the ore or minerals mined is planned to be conducted on-site or adjacent to the extraction area, briefly describe the nature of the processing, and explain the disposal method for tailings or waste from the processing (Use additional space if necessary). A flow chart or schematic diagram of the processing procedure may be attached _____

E. Toxic Substances

Do you plan to use cyanide, aqua regia, mercury, or other toxic materials in your operation?_____ If yes, please attach a copy of the appropriate Waste Discharge Permit or waiver.

Please specify the quantity and type of chemicals to be used on site: NONE

Please specify the quantity and type of chemicals to be stored on site: _____

F. Water

Estimate the quantity (gpd) of water required by the mining and processing operation. Specify the proposed source of this water, the method of transport to the property, and the quantity and method of disposal of used and/or surplus water: NONE

8. Reclamation Plan and Proposal Measures to Prevent Undue and Unnecessary Degradation:

You are encouraged, but not required to describe the methods, including the sequence and timing, that will be used to complete the final reclamation of the land disturbed in your proposed mining operations. Diagrams may be used.

Simple Pits with Backfill as we go
Operator/Claimant Signature John Holbert Date 7/10/98
